Vendor Security & Compliance Questionnaire

Company Under Review: MedSecureAI

Please answer the following questions:

1. Do you encrypt customer data at rest? If yes, specify the encryption standard used.

2. Do you encrypt data in transit? Specify the protocol and minimum supported version.

3. Are you HIPAA compliant? Do you sign Business Associate Agreements (BAAs)?

4. Where is customer data hosted (cloud provider and region)?

5. Do you support Single Sign-On (SSO)? Which authentication protocols are supported?

6. How is user access managed within your platform?

7. Do you enforce multi-factor authentication (MFA)?

8. What is your data backup policy and frequency?

9. Do you conduct regular penetration testing or third-party security assessments?

10. Describe your incident response process and breach notification timeline.

11. How long are audit logs retained?

12. Do you implement role-based access control (RBAC)?
